About PCIS

Pacific Coast Information Systems Ltd. (PCIS)
– IT consulting services since 1995

PCIS is an agile company with a team of professionals selected for their fluency in business and technology. Our team members have the business and technical expertise to streamline decision-making and manage risks to deliver greater value.

Customer Testimonials

"PCIS was flexible to meet our demanding requirements. They delivered their products and services in a very timely and professional manner."
– Ken, CIO
National Member Services Organization

"I am very impressed with PCIS and happy with the end results. They provided quick, sincere help to get our website patched up on such short notice. They were definitely able to demonstrate value with their level of expertise."
– Rebecca, Manager of Information Technology, Regional Non-profit Organization

Our vision is to make your business more efficient and profitable

PCIS has been a trusted IBM® partner since 1995 for enterprise solutions. More recently, it has developed solid partnerships with Microsoft®, Blackberry® and Bell®. By focusing on your business requirements first, rather than rely on technology first, we provide innovative IT consulting solutions to make your business stronger. More information can be found at www.pcis.com.
